A5N PRIME

CAPABILITY STATEMENT

A5N PRIME LLC | NOVEMBER 2026

Mission Delivered.

Facilities Support. Construction. Operational Readiness.

A5N Prime LLC is a Service-Disabled Veteran-Owned Small Business delivering facilities support, construction, and operational services for federal agencies. We bring personnel, equipment, materials, and specialized trade partners under one accountable management structure, directing execution from mobilization through final acceptance and closeout.

CORE CAPABILITIES

Integrated Facilities Support

Preventive and corrective maintenance, facility repairs, service coordination, work planning, and inspections across multiple locations.

Construction & Building Systems

Renovation, restoration, HVAC and mechanical services, electrical work, specialty flooring, gates, fencing, and building improvements.

Grounds & Cemetery Services

Mowing, trimming, edging, landscape care, sod installation and delivery, seasonal cleanup, and tree-service coordination.

Logistics & Operational Support

Equipment sourcing and rentals, procurement, delivery coordination, materials management, fleet support, and mobilization planning.

SELECTED FEDERAL EXPERIENCE

Department of Veterans Affairs

Recurring grounds maintenance and 550-ton portable chiller support at Carl Vinson VA Medical Center, GA. Five-year trim-and-edge IDIQ at Massachusetts National Cemetery; sod delivery for Florida National Cemetery.

U.S. Coast Guard

HVAC, electrical, restoration, gates, fencing, and facility improvements across Northeast installations.

U.S. Army Reserve & U.S. Navy

Grounds maintenance at Fort Des Moines, IA; specialty epoxy flooring at Naval Undersea Warfare Center, Newport, RI.

WHY A5N PRIME

Lifecycle accountability

Mobilization, scheduling, subcontractor oversight, financial administration, quality control, and closeout.

Autonomous field operations

Fully electric Scythe M.52 autonomous mowers operating at Carl Vinson VA Medical Center.

FORT technology

Facilities Operations & Readiness Tracking: A5N's platform in development for work planning, resource coordination, field records, and quality review.
